shadow of the tomb raider golden eagle gear

Comeee oooon ,what's wrong with you ?? What's with the ugly outfits ??? Like the previous person said , even a homeless wouldn't wear those rags ! I

f you release another ugly rag outfit , i will request a refund for the season pass.Srsly.. Ok mostly I wouldn't say yes but this outfit is cool looking. Another content piece that came with the Croft Edition Extras.

Unlike the terrible looking 'Brocken' gear, at least the Golden Eagle is aesthetically pleasing and comes with a bow that's worth using.

Still I cannot recommend aesthetic packs, even if they came with the game edition I purchased.
